Hi Janet another possibility for the next meeting agenda concerns the underpass at the A507. Question is would we like it professionally spray painted? Nicola King organised some shelters in Stotfold to be professionally spray painted and they look very good so Stotfold TC and Fairfield PC have asked her to provide a quote to professionally spray paint the underpass between them with scenes chosen by the Councils. The effect of this is that they look so much better than the random graffiti that gets applied and they are respected by the other sprayer painters so they are left alone for a reasonable amount of time. We could even possibly tie this into the Summer Youth Scheme with the youths helping the professional. We could choose a nature based or Arlesey based theme. Chat soon, Regards, Neil
