

CDS Background

CDS are the only UK Company specialising in Cemetery Management and Design who have in-house resources of qualified professionals whose collective capabilities cover over 80% of our technical professional services.

A summary of our inhouse resources is given in the table below:

Agronomy	Drainage engineering	Landscape design
CDM Co-ordinator	Environmental engineering	Land surveying
Computer aided design	Flood risk assessment	Memorial stability testing
Construction site supervision	Geotechnical engineering	Planning consultancy
Construction site setting out	GIS development	Project management
Data base development	GIS mapping field surveying	Site layout and design
Design engineering	GPS surveying	Soils engineering and soil science

Introduction

Following a request from Warmington Parish Council, The CDS Group have the pleasure in presenting our proposal of works and associated fees for undertaking memorial stability testing at the following burial grounds.

The approach to testing will be taken in line with the practical and pragmatic methods as laid out in the guidance notes of the Ministry of Justice and BS8415:2018.

Site Location

Arlsey Cemetery, Hitchin Road, Arlsey, Beds, SG15 6SD

If there are any changes to our assumptions made above, please let us know and we can revise accordingly.

In summary, we would be required to detail which types/heights of memorial are to be assessed and what level of remedial action you wish us to undertake (i.e., tape, cordon, lay down) if any high-risk memorials deemed to pose an immediate risk are encountered on site.

Memorial Stability Testing

Activity	Timescales	Fee
Preparation and attendance on site to undertake memorial stability assessment including making safe where required, marking of unsafe memorials	1 days	£650.00
Production of Memorial Stability Testing Report including photos, VIDEOS and details of failed memorials	0.5 day	£325.00
Mileage	30 miles	£22.50
<u>TOTAL</u>	<u>£997.50 (excl VAT)</u>	
Warning labels and ties per failed memorial		£4.50 each

The above listed fee assumes provision of cemetery plans and maps prior to attending site and that the plans are in condition suitable to be able to clearly read and understand.

We trust that we have understood your requirements, however if you require any alterations, please do not hesitate to contact us.

Kind Regards

Callum Ward
